Helping you cut the cost of Family matters

For over 200 years we have been providing legal advice and representation for people in need.

The loss of Legal Aid means that standard solicitors charges, for every letter, phone call and action undertaken could become unaffordable at a time when families need to watch their spending. With this in mind, we have developed a new and innovative Pay as You Go system with the aim of cutting your costs and putting you in control.

IS PAY AS YOU GO RIGHT FOR YOU?

We understand that a family breakdown is a difficult enough time for everyone without the additional worry of a large solicitors' bill to pay.

Pay as You Go is just one of a number of payment options available and we will discuss all options at your initial appointment.

The key to the Pay as You Go system is that you will only be charged for face to face advice given, as and when you need it, putting you in control of your spending.

HOW DOES IT WORK?

Under the Pay as You Go system, you will be the first point of contact in your case, dealing with all documents, letters and phone calls yourself. You will have a nominated solicitor at Oxley & Coward who will meet with you as and when you need to. You will only pay for the advice given to you at the meeting, at the end of the meeting. By doing your own administration and paperwork your legal costs are kept to the bare minimum.

EXPERIENCE ON DEMAND

You take your case all the way through to conclusion, just calling on our expertise as and when you need it. Perhaps you would like more direct help as court looms closer? If so, we can offer you a fixed fee for representing you at court.

Your nominated solicitor will tell you all the information you need to get started and guide you through the process of form filling, proposal letters and dealing with the court.

You can be rest assured that while you are in control, we will guide and support you every step of the way.
